

International Symposium on Biomedical Imaging From Nano to Macro

You are cordially invited to join us at the International Symposium on Biomedical Imaging Conference of the IEEE Engineering in Medicine and Biology Society, ISBI'15. The Conference is being held April 16-19, at the New York Marriott at the Brooklyn Bridge, NY, USA. ISBI is a joint initiative of the IEEE Signal Processing Society (SPS) and IEEE Engineering in Medicine and Biology Society (EMBS)

Bioimaging has continued to evolve across a wide spectrum of applications from diagnostics to personalized therapy to mechanistic understanding of biological processes. The field continues to be challenged with ever increasing demand on more robust methods and integration with clinical and molecular data

Please note that this invitation for participation does not, in any way, financially oblige either ISBI'15 or the IEEE Engineering in Medicine and Biology Society (EMBS) for the expenses you incur for travel and conference attendance, and all conference participants are expected to pay the registration fees according to conference policy. You will have access to a more customized Invitation letter (to include your name and paper information) once your paper has been accepted.

Please visit <http://biomedicalimaging.org/2015> to learn more. We look forward to your participation in ISBI'15!

Sincerely,

Elsa Angelini

ISBI'15 Conference Chair

Jelena Kovačević

ISBI'15 Conference Chair
